

MATHEMATICS INSTRUCTOR

(Contingent upon approval and funding)
(Two Positions)

THOMAS NELSON COMMUNITY COLLEGE is a comprehensive, multi-campus community college in historic southeastern Virginia at the mouth of the Chesapeake Bay. It serves the cities of Hampton, Newport News, Poquoson, and Williamsburg and the counties of York and James City. The College had an annual enrollment of 15,512 headcount and 6,017 FTE.

TNCC is a learning centered college seeking individuals to complement our quality faculty. The successful candidate must be committed to working with a diverse student body residing in a multicultural setting and to utilizing technology in the delivery of instruction.

Expectations of Successful Candidates: Demonstrated teaching skills, commitment to the community college philosophy, strong interpersonal and communication skills, a commitment to diversity issues, a strong orientation to teamwork, the ability to work effectively with a non-traditional student body at an urban community college, demonstrated professional activities, excellent recommendations, and familiarity with computers and the application of technology to instruction.

General Responsibilities of Teaching Faculty: Teaching load of 15 credits per semester which may include courses on and off campus, day and evening, weekdays and weekends, providing courses utilizing distance learning, participating in curriculum and course development and assessment, providing academic advising, and participating in division and college committees. Must be able to teach at all campus locations.

Responsibilities include: Teach college transfer, developmental and technical mathematics courses. Teach courses off campus for industry partners. Teach upper level math courses, including those for teacher licensure. Design, develop and assess curriculum, with emphasis on distance learning. Serve on departmental and college committees and as an academic advisor. Work effectively and collaboratively in a diverse educational environment. Utilize high levels of energy, creativity and motivation to design and implement effective teaching and learning practices. Facilitate student learning through in-class and out-of-class activities. Maintain up-to-date knowledge of mathematics and trends in community college education.

Qualifications Required: Master's degree in mathematics, mathematics education, or closely related field with 18 graduate semester credits in mathematics. Demonstrated teaching excellence and leadership ability. Experience using instructional technologies. Excellent communication and organizational skills. Commitment to distance learning development and delivery.

Qualifications Preferred: Successful community college or undergraduate teaching experience in both developmental and college transfer math courses. Additional graduate hours in mathematics. Experience teaching statistics, liberal arts mathematics, and precalculus. Experience teaching math courses specifically for teachers seeking secondary or middle school Virginia licensure in mathematics. Experience in curriculum development and pedagogies that support best learning practices. Experience in developing and/or teaching distance learning courses. Demonstrated experience in facilitating the success of students from diverse backgrounds. Successful leadership experience.

Salary: \$40,061 - \$77,229 Rank and salary commensurate with education and experience.

Starting Date: August 16, 2010
