

PHYSICS INSTRUCTOR

(Contingent upon approval and funding)

THOMAS NELSON COMMUNITY COLLEGE is a comprehensive, multi-campus community college in historic southeastern Virginia at the mouth of the Chesapeake Bay. It serves the cities of Hampton, Newport News, Poquoson, and Williamsburg and the counties of York and James City. The College had an annual enrollment of 15,512 headcount and 6,017 FTE.

TNCC is a learning centered college seeking individuals to complement our quality faculty. The successful candidate must be committed to working with a diverse student body residing in a multicultural setting and to utilizing technology in the delivery of instruction.

Expectations of Successful Candidates: Demonstrated teaching skills, commitment to the community college philosophy, strong interpersonal and communication skills, a commitment to diversity issues, a strong orientation to teamwork, the ability to work effectively with a non-traditional student body at an urban community college, demonstrated professional activities, excellent recommendations, and familiarity with computers and the application of technology to instruction.

General Responsibilities of Teaching Faculty: Teaching load of 15 credits per semester which may include courses on and off campus, day and evening, weekdays and weekends, providing courses utilizing distance learning, participating in curriculum and course development and assessment, providing academic advising, and participating in division and college committees. Must be able to teach at all campus locations.

Responsibilities include: Teach courses in the area of physics lecture and laboratory including, but not limited to, algebra/trigonometry based college physics and calculus based university transfer level physics. Able to teach at all campus locations including off campus workforce related locations. Participate in various division and college sponsored activities. Serve on division and college committees. Participate in the student academic advisement program. Adhere to policies of Thomas Nelson Community College and the Virginia Community College System.

Qualifications Required: Master's degree with 18 graduate semester hours in physics. Demonstrated teaching excellence. Demonstrate proficiency in using state of the art instructional technology including Blackboard. Experience in curriculum development. Excellent communication and organizational skills.

Qualifications Preferred: Experience in developing and teaching distance learning courses and computer based laboratories. Community college or undergraduate experience teaching lecture and laboratory. Additional graduate hours in physics. Ability to develop effective collaborations with businesses and industry in the field of physics.

Salary: \$40,061 - \$77,229 Rank and salary commensurate with education and experience.

Starting Date: August 16, 2010

Application Process: You will need to submit an online application for this position by visiting the following web site: <http://jobs.agencies.virginia.gov/applicants/Central?search=293>. We will only accept applications through this site. Complete application packages will include: an online application, cover letter, resume, personal copies of **all** college transcripts, names of three professional references with current addresses and telephone numbers. **Incomplete application packages will not be accepted. A review of application materials will commence on December 4, 2009 or shortly thereafter and will continue until the position is filled.** Faxed or e-mail applications will not be accepted. Criminal history and other background checks will be required of the finalist candidate for the position. Satisfactory reference and background checks are a condition of employment.

Thomas Nelson Community College is an Affirmative Action/Equal Opportunity Employer and actively seeks applications from women and minority candidates.
