

Fall 2021: Courses Converted from On-Campus to Online Due to COVID-19

Guidance from the Department of Veterans Affairs has stipulated that courses converted to an online format due to COVID-19 can be certified as Residential. This allows students to continue to receive BAH rate for taking residential (on-campus) courses.

Below is a list of Fall 2021 Courses that were converted from on-campus to online due to COVID-19. This listing contains only distance courses that are considered residential for VA purposes. Any course offered on campus either fully as residential or as a hybrid course will still be considered residential. **For distance courses (those with sections that begin with a D), only the courses and corresponding sections listed below can be submitted to the VA as Residential (on-campus) courses.**

Students using VA Benefits who are enrolling in a Developmental Math or English course must understand that we can only certify developmental courses that were converted to online due to COVID-19. Any developmental course sections not listed below will not qualify for VA Education Benefits. The legislation passed as a result of COVID-19 stipulates that only developmental courses that were converted to online as a result of COVID-19 are eligible for VA Education Benefits.

It is important to review the actual course schedule found in SIS or Navigate to be sure you are enrolling in a course section that fits your needs. Here is a brief description of each mode:

ASYNCHRONOUS: Students must login to Canvas regularly to check for course announcements, complete assignments, check grades and feedback, and participate in any other course activities required by the instructor. There are no required online class meetings.

SYNCHRONOUS: Attendance at live online class meetings is required on the days and times listed in the course information on the class schedule. These meetings will be held via Zoom or other application designated by the instructor. Students must login to Canvas regularly to check for course announcements, complete assignments, check grades and feedback, and participate in any other course activities required by the instructor.

Hybrid or Face-to-Face: The ability of the College to offer hybrid courses will be contingent upon COVID-19 regulations and guidance in effect at the time the course is offered. If the college can offer in-person sessions, hybrid courses will require that students come to campus for part of the instruction time. If in-person instruction is feasible, these sessions will be conducted in small groups, meeting Centers for Disease Control, Virginia Department of Health and any other official guidelines for COVID-19 safety.

Students are encouraged to contact an Academic Advisor before enrolling in courses to ensure courses are applicable to their chosen degree or certificate program. Please visit the Academic Advising section of Thomas Nelson's website at <https://tncc.edu/advising/teams> for more information and to schedule an appointment.
