2021-2022 NO PARENT INFORMATION OR SUPPORT FORM

You have indicated that your parents cannot and/or will not provide their financial aid information for completion of your Free Application for Federal Student Aid (FAFSA). Although the U. S. Department of Education allows a student to indicate a parent’s refusal to provide this information, the student can only exercise this option if supporting documentation is submitted to substantiate this claim. This form provides guidelines for the process of requesting a financial aid review of your situation. The burden of collecting, reviewing and making a ruling on the claim is placed on the financial aid office. All requests/claims will be considered on a case-by-case basis and the reason for the decision must be documented in the student’s file. The decision of Financial Aid Office is final and cannot be appealed to the U.S. Department of Education.
